

BICYCLERS ASK FOR PRIVILEGES

PROVISIONS OF LAW THE LEGISLATURE WILL CONSIDER.

Punishment For Those Who Purloin Bikes—No License Fee Should Be Exacted From Owners—The Right to Transport Wheels on the Railroads.

Officers of the Wisconsin division of the League of American Wheelmen are considering several proposed measures for passage in the legislature this winter. The bills will be for carrying bicycles on railroads as baggage, for increasing the penalty of stealing bicycles and for the repeal of the statute which provides for licensing bicycles.

The proposed law with reference to carrying bicycles as baggage, will be along the same lines as the measures introduced in the legislature two years ago. The bill was defeated by a powerful railroad lobby at that time, but the L. A. W. officials say they have the assurance of many members of the legislature this year that the measure will be passed. The bill has not yet been drafted, but it will be drawn up in the near future by Chief Council Van Valkenburgh and Martin C. Rotter, who will be appointed chairman of the transportation committee of the division.

During the past few years there has been so much bicycle stealing in this state that the wheelmen feel the need of more stringent laws on the subject. It is argued that it is easy for a thief to ride off on a wheel and that the only manner in which wheelmen can be protected is to provide harsh treatment for this crime. Therefore it is proposed to have special legislation enacted providing a penalty of from six months to two years' imprisonment for stealing bicycles.

When the state statutes were revised last summer, a clause, was inserted giving the cities power to "regulate and license" bicycles. This clause was later adopted at the special session of the legislature in August and it has since become a law. The officers of the L. A. W. say they have no objections to having cities regulate the use of bicycles, but they object to having the cities license wheels. They say they are already obliged to pay a state tax and if the cities are empowered to license bicycles, it will not only impose an extra burden on them, but it will also place the wheelmen in danger of being arrested while touring. A Milwaukee wheelman, it is argued, might start out on a trip to Madison and while passing through Oconomowoc and Watertown could be compelled to pay another license in each place if these cities saw fit to impose one. It is also argued that the law is unjust and therefore its repeal will be asked.

The Good Roads league and members of the Century club of this state will ask the legislature this winter to enact legislation providing for state aid in the improvement and building of roads. At present all roads are paid for by the county in which they are built and adjoining property owners. It is proposed to have the legislature pass an amendment to the state constitution so that the state can bear one-third of the burden, the county a third and the property owners whose lands abut the roads the other third.

Rios Provoked Massacre.
Madrid, Jan. 7.—Public feeling here runs strongly against Capt. Gen. Rios, for it is believed that the massacre of the Spanish colony in Balaban was in retaliation for the executions ordered by Rios during the last days of his command at Iloilo.

The Americans in the Philippines, according to advices received here from Manila, are powerless to obtain the liberation of the Spanish prisoners held there as hostages of independence.

Columbus, Ohio, Jan. 7.—The Ohio mine-workers today elected officers as follows: President, William H. Haskins, Murray City; vice-president, D. H. EXPECT A TELEPHONE WAR

The Wisconsin May Soon Slash Rate Prices in Janesville

When the Rock County Telephone company opens up here for business there is likely to be a merry time in Janesville.

The Wisconsin Telephone company, that now occupies the local field here is keeping both eyes open these days, and it is said, will cut present rates in order to meet those of the new company. In other cities through the state where the Wisconsin company has had to contend with new incoming companies, it has in nearly every instance inaugurated a merry war. Members of the Rock County company say that they are not worrying in the least for the reason that their subscribers have signed written contracts for five years.

WHY GUILTY ESCAPE

Truth in the Adams Poisoning Case Would Create a Great Scandal.

New York, Jan. 7.—[Special]—There have been no arrests in the Adams poisoning case, though it is now four days since the police practically finished their case against the only man suspected. If an arrest was made this city will undoubtedly be treated to one of the greatest scandals it has ever known. Men whose names will be dragged into the case are prominent. One of them is being closely watched by detectives. It is said one reason why this man wanted Cornish removed is that Cornish knows something that would forever disgrace him.

He bats well and is a most promising young infielder. He will bear watching."

GOV. SCOFIELD IS DOWN WITH GRIP

PREVAILING MALADY SEIZES THE EXECUTIVE.

Was Compelled to Leave His Office, And Will Not Be Able to Attend to Business Till Some Time Next Week—His Symptoms Are Not Dangerous.

Madison, Jan. 7.—[Special]—With many of the symptoms of the grip Gov. Scofield was yesterday compelled to leave the executive office and retire to his home, where he will be obliged to remain for a week or more. For several days past he has been feeling badly, but supposed he was merely suffering from a slight cold. Yesterday, however, he was unable to rise, and it is thought that he will not be able to be at his office before some time next week. His

GOVERNOR SCOFIELD.

lungs are affected and he suffers considerably, but his illness is not serious.

This is the opinion of the doctors, but these are not infallible, and the governor's friends are somewhat anxious on his account. While he is in fair physical condition, his resources were subjected to a heavy strain last summer, and he finds himself in bad condition to resist the encroachments of disease. He spent much of his vital force in traveling between Madison and Washington last summer to care for the interests of the soldiers in the field, and denied himself much needed rest. While he took little part in the campaign the anxieties of that period naturally had their influence upon him.

While it is the opinion of every one that Gov. Scofield is a very sick man, there are few fears that he will not recover. He has taken good care of himself throughout life as far as circumstances would admit, and is in a better condition than most men of his age. He has no inherent weakness in any of his vital organs, and under favorable conditions he will round out the dangerous period of the disease with little difficulty. The greatest danger his physicians anticipate is in keeping him quiet, for he is anxious to be at his office, although he should not be out of bed.

LARGE RAILROAD EARNINGS

The Milwaukee Road Find the Local Field Very Profitable

The Milwaukee road's gross earnings, for the fourth week in December were made public last evening. They aggregate \$1,135,556, and show the following as compared with the previous six years:

Increase over 1899	358,727
Increase over 1902	157,514

Janesville is an exceptionally good town for the road, and during the past year their freight and passenger business here has shown an increase of several hundred dollars over 1897.

INSURGENT ARMY IS DEMORALIZED

AGUINALDO'S FORCES SHOW SIGNS OF WEAKNESS.

He Will Be Unable to Hold Them Together—American Freedom Is Not Understood by the Natives—Purification of Cuba Will Be Undertaken By the Army.

Washington, Jan. 7.—[Special]—The news from the Philippines is more encouraging during the past few days. The defeat of the rebels at Iloilo leaves them little hope of success. Aguinaldo is reported as discouraged at the prospect, and is willing to treat for peace. He has not received punishment enough yet, however, and it will doubtless be some time before he is in the mood to accept such terms as the United States is disposed to grant him.

The disintegration of the rebel chief's forces is rapidly progressing. Many of his followers are beginning to see that they have been deceived by him, and that the assumption of sovereignty over the islands by the United States does not mean the perpetuation of the bondage of the people. When they learn that under the American flag the humblest citizen will receive equal privileges with the most wealthy they will flock to the American standard by thousands and Aguinaldo will find himself absolutely without a following. It is the belief of Gen. Otis that the entire force will lay down its arms in the course of a few weeks and swear allegiance to the United States. Even then, however, they will have to be watched, for they are as treacherous as any mortals the nation has ever had dealings with.

PURIFYING CUBA

Work Will Probably Be Placed Under Control of the Army.

Washington, Jan. 7.—[Special]—There is likely to be a dispute as to what department shall be entrusted with the duty of purifying Cuba of the germs of disease. The medical staff of the army wants to undertake the task, while the treasury department regards it as a part of its privilege to supervise the work. It now looks as if the former will triumph. Force will be required in some instances to compel obedience to the sanitary requirements, and this will call for the use of the army. Most officials here would prefer to entrust the work to army officers, for then it would be thoroughly done. It is believed that the president is among this number. If the work of purifying the foul places of Cuba is to be done at all it is desired to make it thorough, and for this reason the army will probably be given full control. It is believed that in the course of ten years, yellow fever can be completely exterminated, and an effort to that end is to be made.

Belief That Miller's Landing At Iloilo Was Unopposed.

FRED VAN KIRK WRITES HOME

Has Reengaged in the Grocery Business Near Portland, Oregon.

Mr. VanKirk has also made the purchase of a few acres of land, that surrounds a very pretty home that he now calls his own.

He says that Oregon is the true garden spot in this country, and that the climate there is delightful the year round.

MOTHER AND BABE PLACED IN JAIL

THREE STRONG MEN HANDLE ONE WOMAN.

Mrs. Julia Swenson, Of the Town of Fulton, Arrested Because It Is Alleged That She Used Threatening Language—Her Three-Year-Old Daughter With Her.

Behind iron bars in a cell on the second floor of the Rock county jail is now confined a mother with her three-year-old daughter. The prisoner is Mrs. Julia Swenson, of the town of Fulton, and at all times close by her side is her sweet-faced little daughter, who seems entirely unconscious of her grim surroundings.

According to the proper documents as sent to Sheriff Appleby by Justice of the Peace Spencer, of Edgerton, it appears that Mrs. Swenson is now in jail for using threatening language, and that in default of \$200 peace bail she was sent to jail for six months. Circumstances which surround this particular case are of a peculiar nature.

Mrs. Swenson is not an entire stranger in this city, and about a year ago she was brought here for the purpose of having four children sent to the state school at Sparta. She is a woman who has had to work hard, and has seen enough trouble to drive the average woman insane.

According to her story, three full grown men representing themselves to be officers of the law, and hailing from Edgerton, came to her home this week, and without giving her any reason why she was being arrested, put handcuffs on her wrists and hustled her off to Edgerton. Her little three year old daughter had no one to care for her, so she had to accompany her mother to Edgerton.

Mrs. Swenson says that a regular farce of a trial was then sprung on her to suit the Edgerton officials, and the next thing she knew she and her little daughter were aboard the cars coming to the Rock county jail.

Local police officials say that the case is rather peculiar, and that in all probability steps will be taken to more thoroughly ferret out the mystery, and see that nothing but justice is dealt out to this woman.

In the meantime Mrs. Severson and her child are in a warm and well lighted cell, and are receiving the kindest of attention.

Prince Victor's Unusual Talk.

London, Jan. 7.—The Brussels correspondent of the Daily Telegraph, who has secured an interview with Prince Victor Napoleon, says the prince firmly declined to discuss politics or the Dreyfus affair, remarking: "When the time comes for me to speak I shall do so in the only way befitting a prince, and the chief of a great party. I shall say what is necessary and sign my words with the glorious name I am proud to bear—Napoleon."

Honor for Admiral Dewey.

Washington, Jan. 7.—It was understood this morning in official circles that at Friday's cabinet meeting the president would suggest the advisability of appointing Admiral Dewey governor-general of the Philippine islands. The suggestion was received in every quarter with great favor. The only dissent to this proposition is understood to come from Secretary Alger, who believes the military rule of the Philippines should be kept in the army.

Within the next few days the farmers from all sections of the country will begin to come to town with their leaf, and it is then that the activity will begin to manifest itself to the public. Work in the warehouses will last until the latter part of April.

The greater portion of the help employed are women who well understand the handling of leaf, and who are able to earn on an average a dollar a day.

May Cheaper Clothing.

Cleveland, Jan. 7.—W. H. Packer of this city has invented a ramie defibrator which is said to be a success in every particular and will, it is believed, revolutionize the manufacture of fabrics. The machine can be operated by a boy and has a capacity of 400 pounds a day, against two pounds a day, which is the output of a man in China. The capacity of the machine can be increased according to requirements. Ramie, which is grown very largely in South America and the southern states, is a possible substitute for cotton, flax and silk. The fiber produced from it is the strongest in the world.

Would Annex San Domingo.

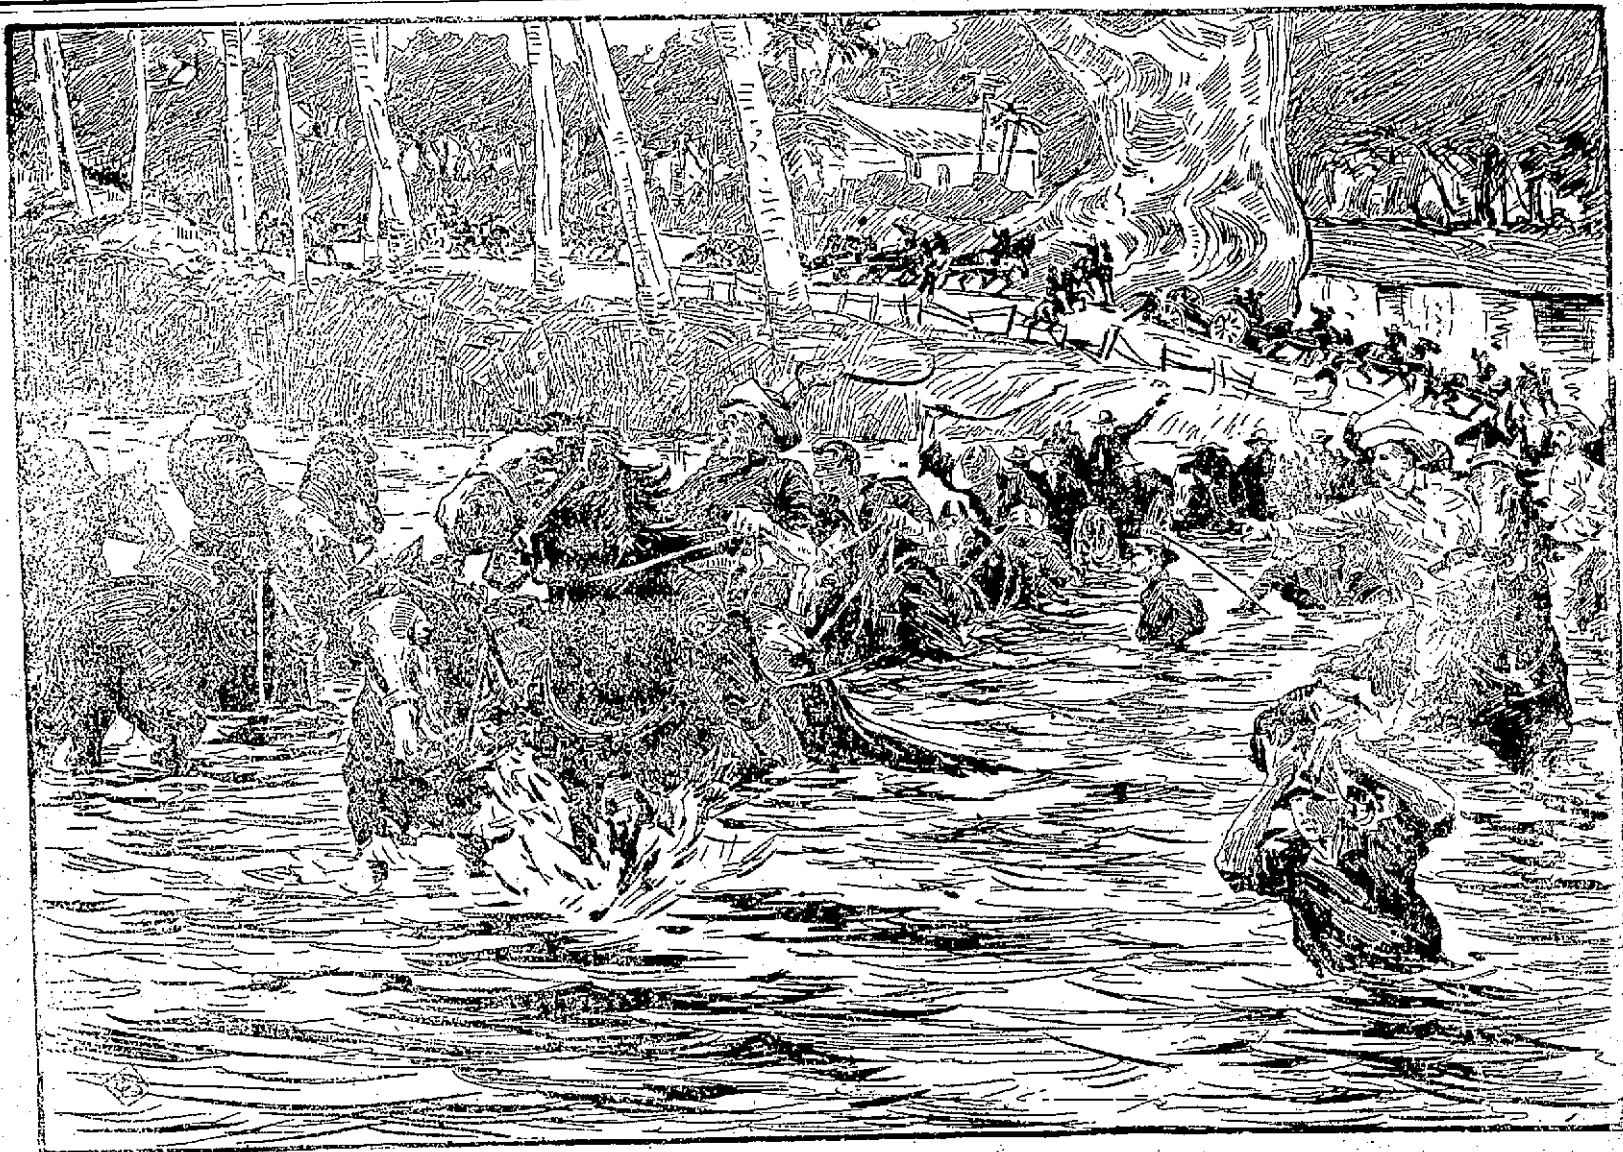

New York, Jan. 7.—A dispatch to the Herald from Havana says: "A colonel in the insurgent army says that Gomez recently sounded the army on his old ambition of uniting Cuba and San Domingo under one government. The wily old chief thinks that the United States can offer no objection to this plan, which, if accomplished, would create a state strong enough to absorb Hayti soon. With this done, Gomez believes the foundation would be laid for a republic, which would soon take rank in the western world second only to the United States."

Spanish Arms Captured.

Havana, Jan. 7.—Gen. Ludlow has been entirely successful in capturing the arms which Spanish sympathizers have been secreting in Havana. In the Prado, just outside the Tenth infantry camp, there lies a stack of guns, bayonets, machetes, cartridges and all manner of weapons of antediluvian make that have either been captured by, or turned over to the United States military authorities here. In the anteroom of Gen. Ludlow's headquarters a similar array may be found.

Consider the Bill.

Washington, Jan. 7.—[Special]—The house went into committee of the whole this morning to consider the legislative, executive and judicial appropriation bill.

MAJOR RODNEY'S FAMOUS MARCH IN PUERTO RICO. FROM HARPER'S WEEKLY
AFTER A DRAWING BY T. DART WALKER. Reproduced from *Harper's Weekly*. By Permission
Copyright, 1899, by Harper & Brothers

No doubt the roads were bad in Flanders, and that was a chief reason why the armies there swore so terribly. One cannot look at our reproduction of Mr. Walker's spirited drawing in this week's *Harper's Weekly* of an incident in

the Puerto Rico campaign without long ing to know what Major Rodney's men are saying. Perhaps, though, it is as well that we cannot hear. There is a more or less general impression that the Puerto Rico campaign was all picnic; that all the marching was done over a

fine military road built by the Spanish; that every one had coffee and boiled eggs for breakfast, and other meals a la carte, and that everything went off well. Everything did go off well, but not without timely pushing. Mr. Walker has made it clear that this march of

Major Rodney's had very little of the picnic element about it. Whether twenty-four miles a day is a big march for artillery or not depends, of course, on the roads. In this case it was undoubtedly big.

With ten warehouses he will be able to pack from 15,000 to 25,000 cases of the '98 crop.

How the Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds or la grippe. Every bottle warranted. For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

GUSTAV WOLLIN DEMENTED

His Father Now Says That His Mind Was Unbalanced

Gustav Wollin, the Rock county soldier whose body was found in Rock river near Edgerton, an account of which appeared in *The Gazette* Thursday evening, was in all probability insane.

The reasonable theory of his death, therefore, is that he wandered away in a demented condition, filled his pockets with stones and deliberately jumped into the river to end his existence, trusting that the river would never give up its dead. His father says that he acted queerly the first day he returned home from the south.

NOT ENOUGH DANCERS HERE

Prof. Williams Closed His Local Class Last Night.

For the lack of sufficient patronage Prof. and Mrs. C. C. Williams closed their dancing school class and socials in this city last evening, which fact was announced at the close of last evening's social at Columbia hall. The socials have been well patronized till last evening, and no doubt the severe cold kept many away from that one.

Prof. and Mrs. Williams have given twelve lessons here and their work has given the best of satisfaction. They are both true artists in their line of work, and when they return to Janesville next winter they can rest assured that a hearty welcome will await them.

DON'T NEGLECT

A COMMON CASE OF PILES?

It May Lead to Serious Results.

When people generally understand that all such fatal diseases as fistula, ulcer of the rectum, fissure, etc., almost invariably begin in a simple case of piles, they will learn the wisdom of taking prompt treatment for the first appearance of trouble in this quarter. The Pyramid Pile Cure will certainly cure every form of piles, itching, bleeding, protruding or blind piles, and hundreds of lives have been saved by using this cheap but effective remedy right at the start, because at such a time a single package will effect a cure, while in the chronic, deep seated cases, several packages are sometimes necessary before a lasting cure is effected.
Physicians are using the Pyramid Pile Cure in preference to surgical operations and with uniform success. The remedy is prepared by the Pyramid Drug Co., of Marshall, Mich., and for sale by druggists everywhere at 50 cents and \$1 per package.

Terribly Afflicted

Little Girl Could Hardly Breathe
Owing to Catarrh

Hood's Sarsaparilla Cured Her
and Her Worn Out Mother.

"My little girl was terribly afflicted with catarrh and she could hardly breathe at night. She took many different medicines without benefit and we became almost discouraged. One day I read an advertisement of Hood's Sarsaparilla and concluded to try it. She began taking it and was soon relieved. I believe she is now permanently cured, as she has not been troubled with catarrh for some time. I was run down in health myself and suffered constantly with backache, and felt all worn out. I thought Hood's Sarsaparilla might help me and I began taking it and it has cured me. I have not had any return of the lameness in my back or tired feeling." Mrs. A. H. ALLMAN, Medford, Wisconsin. CROKER FOR EXPANSION.

Tammany Man Declares the 16 to 1 Policy Is a Dead Issue.

New York, Jan. 7.—Richard Croker said Friday on the question of expansion:

"I believe in expansion; I believe in holding whatever possessions we have gained by annexation, purchase or war. This policy is not only patriotic, but it is the only safe one to pursue. Any other policy would show weakness on the part of the United States and invite foreign complications. This must be avoided, hence our policy must be vigorous. Every patriotic American, and every democrat in particular, should favor expansion."

On the question of silver he said:

"I think the 16 to 1 question as outlined in the Chicago platform a decidedly dead issue. This was fully demonstrated in the last election. We did not embody the 16 to 1 question in our platform, and the result is that we elected every one of our congressmen."

New York Wants Dr. Hillis.

New York, Jan. 7.—Members of Plymouth church turned out in large numbers last night in spite of the storm to hear the advisory committee report on their selection of a successor to Dr. Lyman Abbott. Thomas J. Shearman.

REV. DR. HILLIS.

S. V. White and the other members of the committee told of their trip to Chicago to hear and see Dr. Newell Dwight Hillis, who they describe as "the most desirable minister for Plymouth that could be found in America." A report of 5,000 words was read, in which nothing but the praises of Dr. Hillis were sung. Mr. Shearman, in a most pointed manner, said that Dr. Hillis was not a candidate for the pulpit, but had consented to visit Plymouth church to see if he would like it.

THIS DAY IN HISTORY.

1715-Fenelon (François de Salignac de la Mothe), French writer, died; born 1681.
 1716-General Israel Putnam born in Danvers, Mass.; died 1836. Putnam won laurels as a gallant soldier before he became "Old Put" of the Revolutionists. He was quietly farming in Connecticut when the French invaded from Canada. Connecticut furnished 1,000 soldiers. One company of these was commanded by Captain Israel Putnam. Numerous instances were given by Putnam of great personal bravery. After ten years of service filled with adventures, he returned home with the rank of colonel. He joined the "Sons of Liberty" and was among the first to march against the British. Connecticut gave him command of all her forces.
 1830-The Empress Augusta, widow of Emperor William, died in Berlin; born 1811.
 1832-Tewfik Pasha, khedive of Egypt, died.
 1836-Colonel Thomas W. Knox, civil war correspondent, traveler and author, died in New York city; born 1835.

"LET US HAVE PEACE"

The Beloit Free Press discusses The Gazette's "peace editorial" as follows:

"A few days ago the Janesville Gazette had a carefully written editorial advocating peace in the republican party in this state. Since the election, when the republican candidates were elected by majorities ranging from 35,000 to 50,000, the Free Press had entertained the opinion that 'peace' reigned over the republican party to a very general extent. Ante-convention wranglings are no signs of internecine warfare. They are but the ebullitions of partisan enthusiasm—the expressions of individual preferences—though it must be confessed that many of these expressions are the result of an exceedingly unwise judgment when viewed from certain standpoints. But, however wisely or unwisely partisans may advocate the cause of candidates, so long as all are staunch defenders and supporters of the great fundamental principles upon which the republican party is founded, peace really prevails within its ranks. That is the test of party peace. It was not candidates that divided the democratic party in 1896. It was principle. And peace will not reign over that party until all can stand together shoulder to shoulder in support of principle. Such condition has not and does not exist in the republican party in this state. The principles of protection and sound money is a bond of union that thoroughly unite all the elements of the republican party and compels peace. The strife for office should never be mistaken for radical differences of political faith or party fealty. Personal animosities are not political principles, and consequently political parties are not founded on hate. It is not to be expected that in a political party composed of the elements that the republican party is, that all should think alike on all subjects. It is not well that they should else there would be no progress in the science of government. It is from the clashing of contending ideas and beliefs that advance is made and government of the people, by the people and for the people is truly achieved. This clashing, this wrangling, is but the boiling that purifies the party and perpetuates its beneficial life. If the Gazette will carefully examine the situation it will find, we are sure, that whatever the antagonisms and the ambitions of individuals, there is peace within the ranks of the republicans of Wisconsin. American citizenship will lose its chief glory when laudable ambition ceases to spur the American to active participation in governmental affairs, and he who uses the wisest means will win the goal. The Free Press believes that peace already dwells in the republican ranks in this state, and will so continue to dwell until in the indefinite future some great governmental question shall cause a new alignment of parties. It is principle that creates and solidifies or disrupts parties not candidates, or aspirants. There will be peace within the republican party so long as a common bond unites the ranks, whatever dissensions may prevail among those whose ambitions clash, and so long as intelligence and not prejudice is its foundation stone."

PEACE AMONG DEMOCRATS

The democratic Kenosha Gazette, in discussing The Gazette's recent article, apparently finds comfort in the thought that the split in the democratic ranks is now of no consequence, as it was caused by an "issue that has passed"—free silver. The Kenosha paper overlooks the fact that one set of democrats are fighting for democracy, while another set are fighting for populism. These two elements can never harmonize until a new temple is erected. The old one must be completely demolished, and one built that will not offend the eyes of either crowd. Yes, it is easy for the democratic factions to "get together." All they have to do is to reorganize their party and formulate new principles, and the job is done!

S. E. Gross, a Chicago real estate dealer, claims that the play "Cyrano de Bergerac" was stolen from a play written by him twenty years ago, entitled "A Merchant Prince of Cornville." The question now is, "has a gross fraud been perpetrated or a 'grosse' advertising scheme been sprung?"

And they are still discussing the army beef.

THE SIGN OF THE ROTHSCHILD

Founder of the Great House Lived in the Ghetto.

Staying on a visit with Herr and Frau von Bismarck, in 1852, at the time he had succeeded Gen. von Rochow as Prussian envoy in Frankfurt, I was walking one morning with my host, who had kindly undertaken to show me the Roter, as well as some of the other sights of the venerable free town, when suddenly we found ourselves in the precincts of the old Ghetto, says the Cornhill Magazine. Pointing to a small, unpretentious-looking house, with a "red" shield (Roth Schild) over the narrow entrance, Herr von Bismarck said: "That's the cradle of millions, the house and shop of old Rothschild, the famous father of the not less famous Baron James—the Parn, as Parisians liked to call him, on account of his pronounced German accent. 'Well, the widow of the founder of the Rothschild dynasty—she was pointed out to me one day, reclining in a splendid barouche, with a pair of thoroughbred steppers, which Lord Lyons might have envied her—a shriveled up old lady, wearing the traditional wig of the old Jewess, with clever eyes and firmly-set lips, denoting no want of character and determination—well, the old lady, though inhabiting one of their grand mansions in the new part of town," said Herr von Bismarck, "will not sleep outside the boundaries of the Ghetto, and every evening she returns to the modest little house in which her husband lived and toiled and died; she says it will bring luck to her children and grandchildren and teach them not to forget the humble beginnings of the world-famed firm, and the time when its founder sold old clothes in the Ghetto."

Will Abolish Silk Petticoats.

A movement looking to the abolition of silk petticoats by the club women of Georgia was inaugurated at the recent general conference of the delegation at Columbus. One of the members in authority for the statement that the higher the office the more pronounced was the "swish, swish" of the silken undergarment, and as a result of the constant rustle attending the deliberations of the body a resolution was offered that hereafter the women belonging to the federation abandon their use. The motion was tabled, but it may be made the subject of a special order to be issued later in the office of the president.

A Lightning Caricaturist.

"I was manager of a big vaudeville company once upon a time," said a veteran showman now in the city, "and one of our stars was an amazingly clever 'lightning caricaturist.' He would stand before an easel hung with sheets of manila paper and dash off portraits of celebrities in less time than it takes to tell it. Occasionally he would do one upside down, and the certainty and celerity with which he worked kept me astonished until I got on to his trick. The way it was done was this: He would first take his manila paper and make his drawings very carefully in a solution of Canada balsam, which is a sticky gum, invisible a few inches away. When he appeared on the stage he carried a small sponge in his palm, covered with powdered charcoal, and as he passed his hand over the paper the stuff stuck to the prepared lines and made them black. He didn't really touch his pencil to the paper at all. It was a good scheme, and very difficult to detect. He used to get \$150 a week, but he's dead now, so there's no harm telling."—New Orleans Times-Democrat.

HIS HONOR ON FRANCHISE

Mayor Thoroughgood Gives His Views at the Milwaukee Conference

At the meeting of the League of Wisconsin Municipalities at Milwaukee yesterday, Mayor Thoroughgood, of this city, in discussing the subject of franchises to companies furnishing public utilities, spoke of the conditions as they existed in his own city. They had granted franchises to street railways and water companies, and had had no problems of this character to solve. Janesville was organized under a special charter, which prescribed the duties of the mayor. "If we are to have experts in city administration," said Mayor Thoroughgood, "the terms of office should be lengthened. One difficulty with a general charter law is to adapt it to the needs of cities widely varying circumstances. What is needed for Milwaukee would not do for Janesville. By bringing the matter of better municipal government before the people, in time we shall secure what we have long needed."

STATE PAYS ARMORY RENT

Light Infantry Is Not Responsible For The Amount Due.

The statement that the Janesville Light Infantry company owed \$250 for armory rent, was a mistake. The state was responsible for the amount, and Custodian Rentchler, who has charge of the armory, has been notified by Adjutant General Boardman that the state will pay the bill.

SUFFERING WITH PARALYSIS

Con. McGinley, of this City, Is Now Very Ill.

Con. McGinley, of William street was taken suddenly ill yesterday, and Dr. James Mills, who was called, found that he was suffering from a stroke of paralysis. His left arm and leg are helpless, and his present condition is one to cause his friends much worry. Mr. McGinley is about seventy years of age, and is a man who has resided in Janesville for many years.

BIRTHS DIMINISH DEATHS INCREASE

INTERESTING REPORT OF YEAR JUST PASSED

Records Show an Alarming Increase in The Death Rate For 1898—More Marriages Are Recorded Than in 1897, But The Birth Rate Is Much Smaller.

Accurate statements of the number of marriages and deaths of the year 1898 have been gained from the books of Register of Deeds O. D. Rowe.

These records show during the year just passed there have been performed in Rock county 599 marriages against 533 in 1897.

The records also show that an alarming increase in the number of people who have died during the year 1898. Figures show the number of deaths to be 553 during 1898 compared to a total of 270 during the year 1897. A number of the local physicians when informed of this fact today said that they were unable to account for it.

In the matter of births recorded the figures given are only approximate, for the reason that in some towns in the county records are not kept up with any great regularity. Physicians conform to the bare requirements of the law, and in their busy lives find time for little else. Clergymen do a little better. In the city of Janesville these records are kept up with care, and the showing over the county is much better than it used to be.

Figures on births for the year show some contrasts. Approximate figures show the number of births to have been 350 during the twelve months ending December 31, 1898. This is considerable falling off from the previous year. During 1897 the approximate number of births was 457.

People do not seem to understand that every household under whose roof a birth occurs is to report the same or be liable to a fine.

Many people think they are required to report to the office of the register of deeds, but in this they are mistaken. The health officer of their district is the proper person, and he in turn makes the report to the county officials.

This is a matter that it will pay all interested to heed. With fewer births and an increased total of deaths this does not look well for the future.

A TIN WEDDING ANNIVERSARY.

Several Guests—Surprised Stanley B. Smith and Wife This Afternoon.

Mr. and Mrs. Stanley B. Smith were happily surprised today by receiving a number of acceptances on tin conveying them their first information that a number of their friends intended to make merry at their spacious Forest Park home this evening.

The occasion was in honor of their tin wedding anniversary, and at 5:30 o'clock the self-invited guests proceeded to the Smith home, where a bounteous repast will be in order at 6 o'clock. A number of presents appropriate to the occasion will be presented the happy couple.

In honor of Mrs. Hamilton Richard son, of Milwaukee, Mrs. E. E. Spalding entertained the members of the Chaffin Dish club this afternoon at her Milwaukee avenue home.

Members of the Ladies' Afternoon Whist club were entertained most delightfully this afternoon by Mrs. E. F. Carpenter, at her East street home.

AMONG THE CITY DOCTORS

Elect Officers and Listen to an Address on Insanity

The Rock County Medical society held its annual meeting last evening, at which the following officers were chosen: President—Dr. E. E. Loomis.

First Vice President—Dr. W. H. Judd. Second Vice President—Dr. M. A. Cunningham.

Secretary—Dr. Geo. W. Field. Treasurer—Dr. R. W. Edden. Censor for three years—Dr. J. F. Pomeroy.

Dr. S. B. Buckmaster defined what he regarded as unsoundness of mind. He traced insanity and its several developments through sacred and profane history. He claimed that the line between sanity and insanity was as ill defined as that between daylight and darkness, and that it was impossible to draw a line and say "on one side all are sane and upon the other all are insane. In all forms of acquired insanity the only test was the change in the character of the individual.

MORE ARCHITECTS COMING

For That Reason the Building Committee Will Not Select Now.

The county board building committee consisting of J. D. Godfrey, of Lima; J. B. Bailey, of Beloit, and Edward Rutherford, of this city, inspected plans for the proposed county bastille at the court house today and yesterday.

Four jail building firms from Milwaukee, Appleton and St. Louis submitted plans and specifications, but nothing definite will be done until next week, when it is expected that several more outside firms will send agents here with plans to be submitted.

LARGE TOBACCO ACREAGE

Five Rock County Acres Yield Over a Ton Each in Weight

Five acres of leaf tobacco grown on the Robert McArthur farm near Emerald Grove was delivered in this city yesterday at the Geo. H. Rumrill ware house, and each acre averaged 2,042 pounds.

In money the crop would average about \$125 per acre, which is a very profitable venture.

KATH STILL SERIOUSLY ILL

The Fracture of His Spine May Cause His Death.

William Kath, of 211 West Bluff street, who experienced a terrible fall from the People's Ice company's house early in the week, is still in much pain. The injury to his spine is his greatest trouble and the attending physician is yet unable to tell whether or not he will recover.

Mrs. James Sutherland, who was so badly scalded, is still suffering much, and although she shows some improvement the attending physician still considers her condition of a serious nature. Traces Murphy, the temperance advocate, is still at the Palmer hospital doctoring for a severe attack of the grip. His condition shows a change for the better.

WORK OF THE GRIM REAPER

Joseph Fellows, an old resident of Rock County, died at his home in Johnston Center on Thursday night last. Death was caused by the infirmities of old age accentuated by an attack of pneumonia. Mr. Fellows was 82 years old. He came to Wisconsin in 1837 from New Hampshire and settled in Johnston Center. His wife preceded him to the unknown world several years ago. Mr. Fellows lived an upright and godly life and drew about him a large circle of friends. He leaves four sons, W. E. Fellows, Jefferson; H. P. Fellows, St. Paul; John Fellows, Whitewater, Wis.; William Fellows, of Johnston; one daughter, Mrs. William Caldo, of Johnston; also a brother, John A. Fellows, of this city, and a sister in East Franklin, New Hampshire.

The remains will be interred in the cemetery at Johnston Center on Monday next at 1 o'clock.

Edward Leahy.

Edward J. Leahy, a well known conductor on the Chicago & Northwestern road, died at 9:30 last evening, at the home of his parents, Mr. and Mrs. John Leahy, No. 508 Pleasant street. He was twenty-four years old, unmarried and was very popular with his associates. He was faithful in the performance of his duties and his death coming just as he was in the prime of his young manhood was sincerely regretted by a host of friends in this locality. Besides his parents, who are almost heartbroken at the death of their son, he leaves four brothers and one sister, D. M. Leahy, of Chicago; J. J. Leahy, of Milwaukee; T. F. Leahy, M. J. Leahy, and Mrs. J. T. Mulligan, all of this city.

The funeral will be held on Monday morning the hour not having been decided upon. The interment will be in Mount Olivet cemetery.

Edward Erickson.

The funeral of the late Edward Erickson, who died Thursday morning, will be held Sunday afternoon at 2:30 o'clock at the home of Eric Westby, just off Washington street, on Mole avenue. Services at the Norwegian Lutheran church at 3 p. m. Rev. Mr. Pence will officiate. The interment will be made in Oak Hill cemetery.

LIVES MANY DAYS WITHOUT ANY FOOD

JANESVILLE MAN STRICKEN WITH PARALYSIS.

Takes Nothing But Water And Is Slowly Starving to Death—A. D. Hendrickson Who Resides Near Palmer Hospital The One Afflicted—Well Known Through the State.

A. D. Hendrickson, who resides in this city near the Palmer Memorial hospital, suffered a stroke of paralysis on last Dec. 1, and from the effects of it he has been unable to partake of any kind of nourishment for the past thirty-six days.

Those who have been in attendance upon him say that nothing has passed his lips in this time except water, which he seems to relish in large quantities. His condition at present is not dangerous in spite of his long fast. Physicians say the case is a most peculiar one.

Mr. Hendrickson is well known in this state, and for sixteen years he was superintendent of the state industrial school for boys at Waukesha. Previous to receiving the stroke he enjoyed good health, and had but little complaint to make on account of not feeling well. During his long fast he has lost but little in weight, and aside from that deep, hollow look that is now noticeable in his face, no one would suspect that this man was slowly starving to death. Relatives are much worried over his condition.

EPWORTH LEAGUE'S RALLY

At Court Street and the First M. E. Churches

This evening the second meeting of the Epworth League rally will be held in the First M. E. church. Geo. Hansen, of Milton, Chauncey Sandall and Miss Myrtle Pantall will all unite to make a platform meeting of strong interest. A testimony meeting will follow. From 9 to 10 a. m. tomorrow, a praise service will be held in the First church. It will be led by W. J. Knights and J. H. Turnbull. At 3 p. m. a children's rally will be held in the First church. This meeting will be led by Rev. W. P. Leek, the president of the Janesville District Epworth League.

At 7 p. m. the closing service, a grand service of power, it is hoped, will be held in Court Street M. E. church. It will be a union platform service. Rev. W. P. Leek, Rev. W. W. Woodside and Rev. Walter A. Hall will speak. Good music at this service. Grace Emma hall will sing, "From the Depths," by Campani. The Y. M. C. A. quartette is expected to sing at the service this evening.

FORM BUSINESS MEN'S CLASS

One Is Now In Full Action at The Y. M. C. A.

This week a paper has been circulated about the city and freely signed by business men, who have pledged themselves to join an afternoon gymnasium class to meet twice a week at the Y. M. C. A. building.

Last year the business men had a good sized class that the association were proud of, and the intention is to reorganize stronger than before.

Physical Director Rudolph will act as instructor, and the afternoon program he has already prepared is a most interesting and beneficial one.

The hour of meeting will be 5 o'clock.

LATE NEWS BY TELEGRAPH.

OPPOSED TO EXPANSION.

Caffery of Louisiana Addresses the Senate.

MAKES A STRONG ARGUMENT.

Our Permanent Sway in the Islands, He Says, Can Only Be Maintained by a Strong Military Despotism—Cabinet Meeting.

Washington, Jan. 7.—Immediately after the senate convened Friday the resolution offered Thursday by Mr. Hoar (Mass.), calling on the president for information as to the instructions of the commissioners who negotiated the treaty of Paris, together with all correspondence and reports relating to their work, was laid before the senate. The resolution was adopted in secret session. In support of the resolution offered some time ago by Mr. Vest (Mo.) in opposition to expansion, Mr. Caffery (La.) delivered an extended speech.

Mr. Caffery then entered upon an elaborate argument to show that heretofore it had been the unwavering policy of this government to obtain from the governed their consent before the reins of government were drawn over them. He said even if we had the right to incorporate these distant islands, inhabited by a strange people, into this country, freedom could not exist in the sub-tropics. "The history of the world shows that God has set the bounds where the different peoples of the earth shall abide. When I look at the conditions of the world I am unalterably convinced that no permanent sway can be held by the white man over the black man in the sub-tropics, except by a strong military and cruel despotism."

The cabinet at its meeting gave special consideration to the administration of affairs in Cuba. Nothing will be done in the Santiago matter until Gen. Wood arrives here. Nothing of special interest had been received by the government from Iloilo. Although much interested in the progress of events there, the administration has full confidence, in its representatives on the ground, and no further action will be taken until something further is learned as to the situation.

Anti-Civil Service Victory.

Washington, Jan. 7.—The anti-civil-service reformers scored a victory in the house Friday. The legislative, executive and judicial appropriation bill was taken up for consideration and when the appropriation for the civil-service commission was reached, Mr. Evans (rep., Ky.) made a motion to strike it out. This motion has been made annually for a dozen years or more, but has invariably failed. Friday, however, the motion to strike out carried by a narrow majority—67 to 61. This was in committee of the whole, where no record is made of the vote. Mr. Moody (rep., Mass.) gave notice that he would demand a record vote in the house, where the friends of the civil-service law expect to reverse the decision.

Senator Cullom Is Improved.

Washington, Jan. 7.—The condition of Senator Cullom, who had a serious fall last Monday, was so far improved Friday that he was able to leave his bed. He was unable, however, to walk far, and is still confined to his home. The severe bruises of the hip are painful, and the senator will probably not be able to walk much before next week.

Ruling Affects Wage Earners.

Milwaukee, Wis., Jan. 7.—Judge Jenkins, for the United States court of appeals, handed down a decision covering priority claims in bankruptcy cases. The decision applies to the claims of all the laborers of the firm of Rouse, Hazard & Co. of Peoria, Ill., that failed some time ago. The effect is to cut off all claims of wage-earners not earned prior to three months preceding the failure, placing them on the list of unpreferred creditors. The decision of the lower court is reversed.

Gov. Scofield Quite Ill.

Madison, Wis., Jan. 7.—Gov. Scofield is confined to his bed by a serious illness. No fears are entertained by his physicians as to the ultimate result, but it is believed he may be ill for some time. His lungs are congested and he suffers considerably from pain. The governor's illness at the beginning of the administration and on the eve of the meeting of the legislature is important.

May Withdraw Banking Bill.

Washington, Jan. 7.—It is probable that the banking and currency bill reported to the house will be withdrawn, leaving no measure of that character on the calendar. An animated discussion has arisen among the members of the banking and currency committee as to the right of this measure to have a place on the calendar.

Mr. S. A. Fackler, editor of the *Micropay* (Fla.) *Hustler*, with his wife and children, suffered terribly from la grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for la grippe, and its exhausting after effects. Never fails. People's Drug Co., corner Main and Milwaukee streets.

SOLDIERS IN AN ACCIDENT.

Serious Mishap to Members of Fourth Ohio Volunteers.

Columbus, Ohio, Jan. 7.—Two hundred members of the Fourth Ohio Volunteers, who were gathered at the Auditorium here to be mustered out of service, were hurled from their resting place early Friday morning by a sudden collapse of the improvised beds. Twenty-three of the soldiers were badly hurt, although no fatalities are expected.

In order to accommodate the men, temporary double-decked bunks had been built of tent floors and of scantling. Under the weight of the soldiers the structure toppled over and collapsed. The seriously injured were: John Kashner, company M, Asherville; injured about the neck and spine.

Gordon Withrow, company M, Hallsville; spine and abdomen injured. Albert Barber, company H, Portsmouth; lower bowels and lumbar region.

N. J. Koffman, company E, Washington.

Edward I. Walker, company M, Circleville; back and abdomen.

Samuel Spangler, company M, Circleville; hip and back.

Charles Neal, company H, Portsmouth; back and neck.

Samuel A. Johnson, company H, Portsmouth; back and right hip.

Albert Messer, company H, Portsmouth; neck and back of head.

French Simms, company E, Washington Court House; rib broken.

George Newhard, company M, Circleville; rib broken.

There were twelve others who received severe injuries and many who were more or less bruised. Lack of bracing of the bunks is the reason given for the accident. The men in the lower bunks suffered the most. The extent of the various injuries cannot yet be told, but the medical staff is doing all possible for the men. Many of them were removed to the various city hospitals owing to the severity of their injuries.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the *Leader*, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days by the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by People's Drug Co., corner Main and Milwaukee streets.

Warships Will Visit Europe.

Washington, Jan. 7.—Portsmouth, England, will have two chances to see the American flag again in English waters. Secretary Long intends to send at least the cruiser *Chicago* to Europe on a cruise. This was decided upon some weeks ago, when it was impracticable to send a squadron.

World's Visible Supply of Cotton.

New Orleans, Jan. 7.—Secretary Hester estimates the world's visible supply of cotton at the close of the week at 5,205,145 bales, against 5,151,328 last week, and 4,380,441 last year. Of the former amount, 4,966,145 bales is the American product.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children, perfectly harmless. People's Drug Co., corner Main and Milwaukee streets.

Mar. Delay Pence Tri.

Washington, Jan. 7.—There may be delay in taking up the treaty of peace owing to the illness and absence of some of the members of the senate foreign relations committee. It was the intention of this committee to hold a meeting Friday for the consideration of the treaty, but it was postponed on account of the illness of Senator Cullom and the absence of Senators Foraker and Clark. There are only six republicans on this committee, and as three of them were absent, it was considered best to wait until all of them could be present.

Big Steel Plant Is Planned.

Newport News, Va., Jan. 7.—It is reported that arrangements are being made to locate in this city near the shipyard a steel manufacturing plant, embracing fifty shops. It will cost \$5,000,000, employing 6,000 men, and have an annual output valued at \$54,000,000. It is stated that the concern will manufacture armor plate and also turn out a product for the general trade by an improved process.

Punished for Surrender.

Madrid, Jan. 7.—Col. Jullison San Martin, who was in command of the Spanish garrison at Ponce, Porto Rico, when the United States troops under Gen. Miles landed in the island, and who abandoned the place without resistance, has been sentenced to imprisonment for life. He will be incarcerated at Couta, the Spanish penal colony in Morocco, opposite Gibraltar.

WANT THEIR INDEPENDENCE.

Filipino Governors Take a Determined Stand.

URGE AGUINALDO TO FIGHT.

Insurgent Chieftain Is Assured That the People Will Give Up Their Lives Rather Than Submit to Outside Domination—Matters at Iloilo.

Manila, Jan. 7.—The governors of various Philippine provinces have visited Aguinaldo, offering their unconditional allegiance to the Filipino republic, and declaring that the people are disposed to give up their lives and property in a struggle against the forcing of any domination over the islands. Several of the Filipino military chiefs have urged Aguinaldo to fight the Americans.

The Spanish newspaper *Oceanica*, in an article commenting upon the proclamation issued by Gen. Otis, says: "We venture to predict that the effect of the proclamation will not be very favorable."

The *Independencia*, the leading organ of the insurgents, says in an article discussing the proclamation: "If America persists in disavowing our acquired rights and flings legions of soldiers against our well-defended lines, she will have a dark road to travel. We have the example of the heroic city of Iloilo, which prefers to risk the sorrows of bombardment to becoming a dependent territory."

"The Filipinos will accept resignedly any sacrifice when they see their country's independence endangered. Do not plunge us into a cruel and brutal war. Remember the words of the greatest historian of the country: 'England, with 16,000,000, could not withstand 2,500,000 of North Americans.'"

It is reported that Aguinaldo will come to Manila to discuss with Gen. Otis, the American military governor, the best means of reaching a satisfactory settlement of the affairs of the islands. The American troops have not yet landed at Iloilo.

Deny Reports of Looting.

Hongkong, Jan. 7.—The newspapers here publish the following from Iloilo, evidently from a Filipino source: "When the Americans arrived at Iloilo they found absolutely no looting upon the part of the Filipino forces, or conduct of any kind unworthy of civilized people. In conformity with their agreement with the Spaniards, the Filipinos entered Iloilo in an orderly manner and formally hoisted the Filipino flag. The Americans found a good government established and meeting with the complete approval of the foreign residents. The postoffice, customs and other departments were working smoothly under the entire control of the Filipinos. This disposes of the allegations of the inclinations of the Filipinos to loot and kill. The Filipinos occupied Iloilo on the same humane principles which have guided their actions against the Spanish oppressors."

Would Be Filipino Minister.

Washington, Jan. 7.—Senator Agoncillo, who is in Washington as the representative of the Philippine government, has asked to be recognized by the United States as such and to be accorded the same rights as other diplomats. His request is now in the hands of Secretary Hay.

To Have New Jersey Charter.

Chicago, Jan. 7.—The American Steel and Wire Company will within a few days become a New Jersey corporation, capitalized at \$30,000,000, and identified with the \$200,000,000 Federal Steel Company. The final details of the plan were arranged in this city Friday, and little remains to be done beyond the filing of the incorporation papers.

Adjourned Until Monday.

Indianapolis, Ind., Jan. 7.—The legislature adjourned Friday until Monday, but the senatorial contest is so hot that many solons remain to take a hand in the fight.

Washington Conquered

Grip Takes the City in its Iron Grasp.

Government Machinery Almost at a Standstill. Enormous Percentage of Employees Stricken with the Plague.

Capital at the Mercy of the Disease.

La Grippe epidemic which is just now raging in the Capital City is more general and wide spread than upon any former visitation of the disease. Fully one-third of the government employees are sick or suffering from an attack of the plague, which is no respecter of persons. At the hospitals forty per cent. of the cases are La Grippe, at the hotels many of the guests are on the sick list from the same trouble, while physicians report hundreds of patients in every part of the city.

The attacks of La Grippe are made suddenly, usually beginning with violent headache, accompanied by fever and chills, with sneezing and running at the eyes and nose. These symptoms are followed by bone-racking aches and pains and a general exhaustion of the nervous system. From this stage to acute bronchitis and pneumonia is but a step. The best remedy for La Grippe is to strengthen the nerves and build up the resistive powers so as to throw off the deadly disease germs. Dr. Miles' Restorative Nervine will do this better than any medicine known to science. It is a nerve builder, brain and food restorative tonic of the highest order and has brought back health to thousands of La Grippe sufferers.

"I was tired out from overwork when the grip attacked me, and when it left me I was a broken down wreck, both mental and physical. My nervous system seemed to be completely unstrung and although I was attended by an eminent physician I grew weaker day after day and week after week. My appetite failed, could not sleep and became so nervous and despondent that I lost all hopes of getting well. Finally, as a last resort, I began taking Dr. Miles' Restorative Nervine. I began to improve with the first bottle and when I had taken seven bottles I was cured. I have been well and strong ever since and I weigh more than I ever did in my life."
